# BORA HIDIR

CYBER SECURITY INSTRUCTOR

CAREER GOALS

I've been improving myself in this field both personally by transferring my experiences
on cybersecurity and ethical hacking since 2020,
and with the feedback I received from the people with whom I interacted technically
I am gaining experience. In addition,
I reach more and more people every day
thanks to the courses I publish on the Udemy platform
and the CSEH Academy community we have created.

SKILLS

- Linux
- Pentesting
- Network

- Python
- C++ / Arduino
- HTML/JS

- Web Security
- Cloud / Azure
- English (B1)
